

United Kingdom 

Designmap are a multidisciplinary design consultancy specialising in museums and exhibitions. We are fully committed to an environmentally-conscious approach to all our activities. It is our aim to comply with legislation and other requirements, continue to reduce the environmental impacts of our business and operate in an environmentally responsible manner.

Designmap is committed to an ecological approach to the design and build of all our projects and consistently strives to promote sustainable environmental practice. We aim to work with subcontractors who share our values and already have an existing environmentally responsible reputation. Designmap specify sustainable materials to subcontractors and clients, considering, for example; composition, origin, locality and dematerialisation.
