

United Kingdom

Rapanui is an eco-fashion brand from the Isle of Wight. We make mens organic clothing and womens organic clothes. Our award winning ethical fashion is made from organic, natural fabrics in an ethical, wind powered factory.

Whilst the organic, ethical and low carbon approach to our clothing is unique, our real contribution to sustainability has come from the traceability of our products. At Rapanui you can find out exactly where our products come from, how and where they are made: From the seed being sewn, picked, spun, sewn and transported. It is traceability from seed to shop.

Sector:

[Manufacturing](#) [1]
