

United Kingdom 

Skinner's is an independent family owned and run brewery founded in July 1997. You can find us by the river in the picturesque cathedral city of Truro, the capital of Cornwall. This is where our team of brewers produce our award winning ales including Betty Stogs, Cornish Knocker, Ginger Tosser and Heligan Honey, using only Cornish barley grown on 3 farms just a short distance from Truro.

We are very proud to say that our flagship beer 'Betty Stogs' is the most decorated ale in Cornwall and the South West, in recent years named CAMRA Champion Best Bitter of Great Britain and Supreme Champion of Cornwall and is truly the Queen of Cornish ales!

Skinner's... What The Cornish Drink.

Solutions:

Skinner's Brewery: environmentally sustainable beer brewing [1]
