

Spain 

EN:

Our mission is to contribute with business solutions that are economically viable and socially empowering in Spain to the main environmental challenges at the local and global level.

We envision an economy harmoniously integrated into nature, conceived for and by the people. We want to be a pioneering source of sustainable business practice, founded on collaborative work through networks.

ES:

Nuestra misión es aportar soluciones empresariales económicamente viables y socialmente empoderadoras en España a los principales retos ambientales existentes a nivel nacional y global.

Nos une la visión de una economía armoniosamente integrada en el medio natural, por y para las personas. Queremos ser un referente pionero en prácticas empresariales sostenibles desde el trabajo colaborativo en red.
