Discussion: Are SMEs seeing enough circular economy support?

With the [GreenEcoNet Final Conference](#) [5] exploring moves toward circular economy for SMEs, we're polling our site visitors on whether current support is enough.

Q: Are SMEs seeing enough support for adopting circular economy business models?

- Support is improving and SMEs see more and more enablers
- Support for SME circular business models is broadly unchanged
- SMEs lack circular economy support, and barriers are increasing
- Not sure / Don't know
